Quotation No.: RBSC-03-06-2026-21063

Date: 03 Jun 2026

Luminous Solar Panel On Grid Solar Panel

Customer Name: Nikhil Tiwari

Company Name: N/A

Mobile No.: 07394035581

GSTIN: N/A

Address: Gram Post, Karauta

Project: On Grid

Employee: Nikhil Tiwari

Electric Load: 3kW

Employee-id: EMP-7678

System Components & Pricing

Sr. No	Item Description	Capacity	Quantity	Warranty	Price (INR)
1	Luminous Solar Panel On Grid Solar Panel	4kW	8	25 Years	Included
2	GTI Inverter: Luminous	4kWkW	1	8	Included
3	Structure	Jindal 80mm	Set 1	--	Included
4	Wiring	6 Square MM (Havells/Polycap/KEI)	--	--	Included
5	Earthing	8	--	--	Included
6	Installation and Net Mettering	Added	--	--	Included
7	BOS (Balance of System)	Complete Set	Set 1	--	Included

Total Quotation Amount: ₹196,000.00

*Transportations extra as per actual from Lucknow.

Luminous Solar Panel का सोलर पैनल आपके क्रेता/उपभोक्ता के कहने पर लगाया गया है। वारंटी के लिये हम मदद करेंगे, लेकिन जिम्मेदारी क्रेता/उपभोक्ता की होगी।

The Luminous Solar Panel solar panel has been installed at the request of your buyer/customer. We will assist with the warranty, but the responsibility will rest with the buyer/customer.

Key Highlights

- **Premium Grade A Cells** – Ensures top-tier performance and long-term durability.
- **Dual-side Power Generation** – Bifacial design captures light from both front and rear, boosting total output. In lab tests, a rear-side gain of 10–25% increases peak power from 545Wp to up to ~681Wp.
- **Anti-Reflection (AR) Coated Glass** – Reduces glare, enhances light absorption, and improves low-light performance.
- **Excellent Low-Light Generation** – Optimized to perform even in cloudy or early/late daylight conditions.
- **Transparent White Backsheet** – Increases light reflection for the bifacial rear side.
- **3.2 mm Tempered Glass** – High-strength, low-iron glass improves durability and impact resistance.
- **Ionized Aluminium Frame** – Anodized aluminum frame enhances structural rigidity and corrosion resistance.
- **IP68-Rated Junction Box** – Provides superior protection against dust and water ingress, improving system reliability.
- **PID-Free Technology** – Prevents Potential Induced Degradation, preserving long-term performance.
- **Temperature Coefficient** – $\pm 0.3\%$ per $^{\circ}\text{C}$ deviation from 45°C , allowing stable output even in extreme conditions.
- **Wide Operating Temperature Range** – Efficient from -40°C to $+85^{\circ}\text{C}$, ensuring consistent output across diverse climates.
- **Rugged Build Quality** – Withstands wind loads up to 2,400 Pa and snow loads up to 5,400 Pa.
- **Long Warranties** – 12-year product warranty and 25-year linear power performance warranty (~2% drop in year 1, then ~0.55%/year).
- **Real-Time Monitoring via ConnectX** – Enables live tracking of performance through the Luminous mobile app or platform.
- **DCR Compliant** – Domestic Content Requirement certified, eligible for government subsidies and MNRE schemes.

Terms & Conditions

VALIDITY OF OFFER:

Prices quoted are firm and generally valid for 15 days from the date of offer. After this period, prices are subject to reconfirmation. RBSC ASSOCIATES will only be liable to perform work based on the scope of work listed in the final offer. Any additional work or equipment beyond this scope shall be charged separately. Offer prices may vary after a detailed site survey or due to changes in site conditions.

LOCAL TAXES, WCTS & SERVICE TAX:

The offer price is inclusive of GST. Any additional taxes or levies, if charged, shall be payable extra on actuals.

TRANSPORT, FREIGHT & INSURANCE:

Transport charges are inclusive. Insurance and handling charges are exclusive on supply items. (Ex-Works: Delhi / Noida / Lucknow)

PAYMENT TERMS:

- 80% of the project cost payable in advance along with Letter of Award (LOA) or Purchase Order (PO).
- 10% of the project cost payable upon intimation of dispatch.
- Balance 10% payable upon project completion (Inverter ON).
- Delay in payment will attract an interest charge of 1.5% per month on the outstanding amount.
- 12000/- extra for Apollo structure per KW and 16000/- extra for Jindal structure per KW if required.

WARRANTY, SERVICE & DEFECT LIABILITY:

- 1-year product warranty against workmanship and breakdown defects.
 - Solar panels: 5-year performance warranty + 25-year manufacturing defect warranty.
 - Off-grid inverter warranty: 2 years.
 - Extended individual component warranties will be passed to customer as per manufacturer.
-

INSTALLATION HEIGHT DISCLAIMER:

The standard installation height for solar structures provided by RBSC Associates is 7 feet. If the customer requests installation at a height greater than 7 feet, RBSC Associates shall not be responsible for any issues, damages, or challenges arising in the future due to the increased height. Any additional structural support or safety measures for installations beyond 7 feet shall be the sole responsibility of the customer.

LIMITATION OF LIABILITY & INDEMNITY:

RBSC ASSOCIATES shall not be liable for any special, punitive, indirect, or consequential damages, including but not limited to loss of profits, loss of use, service interruptions, loss of reputation, or costs arising from pollution remediation. Claims by the Owner's customers or other parties shall also be excluded from liability.

COMMISSIONING & TESTING: The overall liability of RBSC ASSOCIATES, whether for liquidated damages or otherwise, shall not exceed 2% of the total order value.

RESTOCKING CHARGES: Liquidated damages shall be the Owner's sole remedy for delay in delivery or deviations in the supply of equipment and shall constitute the complete liability of RBSC ASSOCIATES in such cases.

DELIVERY / PROJECT COMPLETION: Each Party shall indemnify and hold the other harmless against any claims by third parties for loss of or damage to property, or for death or personal injury, arising from that Party's negligence during activities under this contract. In cases of joint negligence, liability shall be apportioned according to each Party's degree of negligence.
